#### GENERAL COMMENTS

- ◆ Rite Aid processes 214s ONLY for inbound shipments to one of its twelve distribution centers. Do not transmit 214s for outbound shipments from our DCs or shipments to Rite Aid stores.
- ◆ The following pages detail the attributes of each of the above segments as required by Rite Aid.
- ◆ It is Rite Aid's policy to return a 997 within 24 hours. It is your responsibility to follow up on overdue acknowledgments. A functional acknowledgment acknowledges receipt of a transaction and ANSI X12 compliance errors (if any). **The 997 returned "without errors" is NOT an indicator that the data content of a 214 is in compliance with Rite Aid's application requirements.**
- ◆ In compliance with Transportation Department requirements, the AT701 Shipment Status codes Actual Pickup "AF" and Estimated Delivery "AG" must be included on all Transactions.

<sup>1</sup> A separate L11 is required for each purchase order number that is included in the shipment.

<sup>2</sup> The detail L11 denotes equipment number.
