INVOICES FOR DISTRIBUTION CENTER SHIPMENTS

Rite Aid always views the TDS01, invoice amount, as a positive number.
Rite Aid's AP system is not capable of handling electronic distribution center credits; credits must be submitted to Rite Aid AP Department manually.

The TDS01 is the invoice net amount (the amount the trading partner is requesting Rite Aid to pay).
A valid Rite Aid PO number is mandatory to process an invoice. Invoices received with missing or invalid PO numbers (BIG04) cannot be processed for payment. It is the vendor's responsibility to ensure the accuracy of the data contained in invoices to Rite Aid.

Item detail is mandatory to process a DC invoice.

Rite Aid can only process electronically transmitted invoices for purchase orders sent electronically via EDI. Manual orders placed for DC shipments can only be processed by paper.

Information regarding Rite Aid's **Supplier Compliance Guide** is available on the Rite Aid Supplier Portal. A valid Login & password is required to access this document.

"Rite Aid's DUNS+4 /Distribution Centers: The link contained in these guidelines will provide listing of all Rite Aid DC ship-to-locations addresses and phone number , DEA number, DUNS+4 number and preferred LTL carrier. Also indicated if applicable will be any satellite location of the primary DC " DC listings can be downloaded at http://www.riteaidediservices.com/distribution-centers/

GUIDELINES FOR FUNCTIONAL ACKNOWLEDGEMENTS

 Upon receipt of any EDI transaction, the receiving partner shall promptly and properly transmit a Functional Acknowledgement (ANSI ASCX12 997). Rite Aid expects that trading partners pick up on a daily basis and acknowledge by returning the Functional Acknowledgement within 24 hours of the time Rite Aid transmitted the original document.

The receiving partner is expected to monitor and review all 997s for errors that may require attention.
